STROWAN FARMS

**Scotch Shorthorn
Production Sale**

FREDERICKTOWN, OHIO

Friday. Nov, 8, 1957

***Bob Reese wrote the following letter
to Bill Cruickshank about Ringwell
Morning Star:***

Dear Bill:

We are very pleased with the way Ringwell Morning Star has come along. He looks just as good to me now as he did in Chicago with all of that hair. He has stayed smooth, with a lot of width, especially width of hind-quarter. Very good covering. He certainly will be a short-legged bull and has so many of the things I think we need in our Shorthorn cattle . . . namely . . . good head, bone, short legs, full quarter and fleshing ability.

Respectfully yours,

BOB REESE

Three beautiful heifers produced by Strowan Farm. They were sold in a previous Strowan Sale. Left to right respectively sold to Fred Smalstig, Pittsburgh, Pennsylvania; W. H. Kilmawley, Canfield, Ohio; Gross Brothers, Atwood, Illinois.

Your Invitation...

We here at Strowan, are happy, to have the opportunity, to invite all of our friends and especially our friends in the Shorthorn fraternity to Strowan Farms for our sale. We believe in Shorthorns and believe that there are animals in this sale that you will be proud to own. All of us here are very proud of our new Junior Herd Sire, Ringwell Morning Star. We paid well up in the four figures to obtain this International Champion Sale bull and we are highly pleased as to the way this bull has developed. Many of the females in the sale are carrying his service and we here at Strowan can recommend this bull as a wonderful sire. We can further say that you will like the cattle offered. Your presence at Strowan on November 8th will be greatly appreciated.

STROWAN ELECTOR—Where would you go to get a better reading pedigree? The best blood in Scotland is wrapped up right here in this pedigree. The pedigree of your herd sire means a lot to the herd. Not only is it a good pedigree but here is a top bull. He is very shortlegged, extra smooth, thick with a burly head. He should head a top herd. He was the grand champion bull everywhere we showed this year. We like to have our herd bulls from good cows and the dam of this bull was one of the best of the breed.

Cruggleton Nyren the senior herd sire at Strowan—A bull that has produced many high sellers and many outstanding show animals. He is the sire of 16 animals selling and that many more are carrying his service.

— O F —

American Shorthorn Breeders' Association

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.

2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.

3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.

4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.

5. All animals catalogued have been tested for T. B. and are clean, and have also passed a test for Brucellosis thirty days prior to the sale, or are accompanied by a Bangs Vaccination Certificate. Announcements will be made covering animals not clear from vaccination.

6. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.

7. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off. Where cattle are sold at private treaty the above terms should apply as well as for sale at auction.

All animals sold in this sale will be backed by the above Standard Guarantee.

As a safeguard to prospective buyers, every animal has successfully passed a clean abortion blood test within 30 days prior to the sale, or will have Certificates of Bangs Calfhood Vaccination, and those that are not from Accredited herds have passed a clean Tuberculin test within the same period. Health certificates will be provided with each lot sold.
